

AluTruk 2 in 1 Convertible Sack Truck With 950mm Base

Product code: SK950W10

Increase your productivity by carrying double the load! This particular AluTruk is capable of carrying up to a total 500kg load when set in its flatbed position! When upright, like many of our standard AluTruk models you are able to safely carry up to 300kg of load! To help with directing the truck it has a twin handle design allowing you full control for the duration of the journey! This Convertible Sack Truck is also fitted with Puncture Proof wheels for added strength! With their crowned tread and precision bearings they make for the perfect solution to help carry higher weighted products such as flat pack furniture over various distances! A marked improvement on many standard issue sack trucks on the market today!
